 - ii. We need water to cook food. iii. We need water to put out a fire.
 - 2. When it rains, water fills up ponds, lakes and rivers.
 - 3. We dig wells to take out the water that goes below the ground.
 - 4. We cannot live without water, so we shall never waste water.
 - 5. We get water from rain. When it rains, water fills up ponds, lakes and rivers. This water is cleaned. Then, it comes to our houses through pipes. We get this water from taps. Some rainwater goes below the ground. We dug wells to take this water out.
